Your Gateway to The Mammoth Lifestyle!

Mammoth Gateway Village

Features and Amenities

Architectural Details:

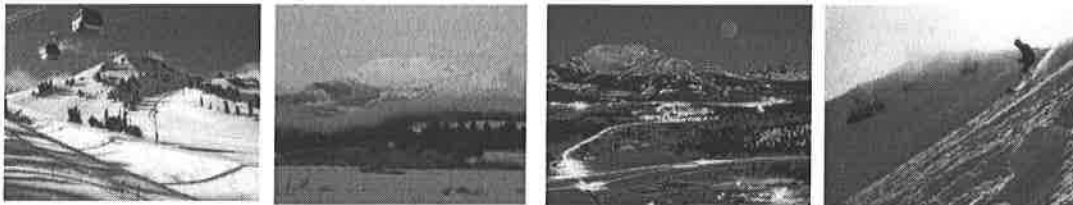

- Energy efficient, low maintenance materials have been selected to withstand the demands of snow country and compliment the beauty of the mountain environment. The cedar siding has been pre-stained and sealed and the roofing is a metal “snap seam” system. Windows are energy-efficient vinyl clad and dual glazed.
- Alpine architecture including decorative heavy wood timbers will accent the roof eaves and entries, as well as windows, doors and deck railings. Stone veneer will protect and enhance the buildings at ground level and entry areas.
- One deck will be “spa ready” with water and electrical hookups*.
- Private attached full-sized two-car garage for your vehicle with 8-foot height raised panel doors. Garage door opener with two remotes. Large storage closet for skis, bikes, golf clubs, etc...

Interior Accents:

- Open trussed vaulted ceiling in the great room with dramatic use of heavy timber and glass brings the outdoors inside.
- Gas log fireplace (gas appliance) with glass doors and hearth will create a festive and cozy gathering place for family and friends.
- Custom gourmet kitchen with granite tile countertops, G.E. stainless appliances (range, microwave and dishwasher), and wood cabinets with solid raised panel doors in natural wood tones.
- Private master suite with amenities to pamper your senses including whirlpool jet tub, dual sinks and travertine tile countertops and accents.
- Interior laundry area with cabinet storage and linen closet.
- Custom two-toned decorator interior paint scheme.
- Slate or tiled entry.

*Options:

- Plans and pricing for optional additional deck are available upon request.
- Outdoor Spa/Hot Tub is Optional.
- Furniture Packages Available from The Oaktree.

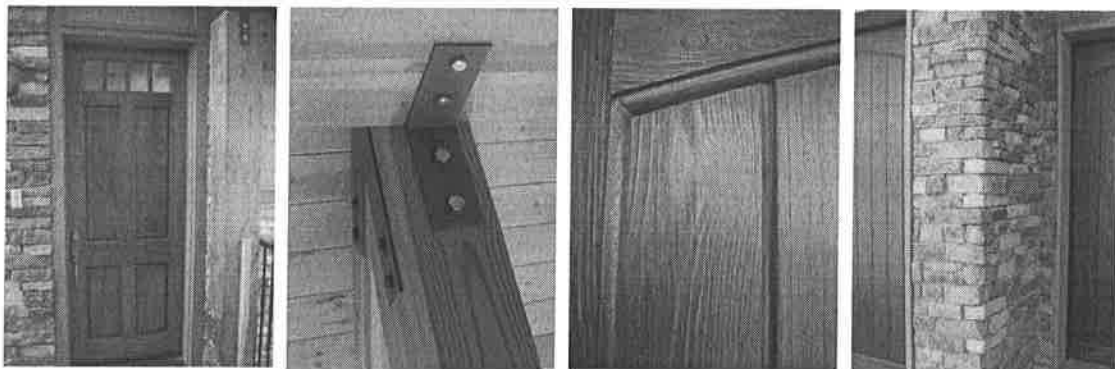

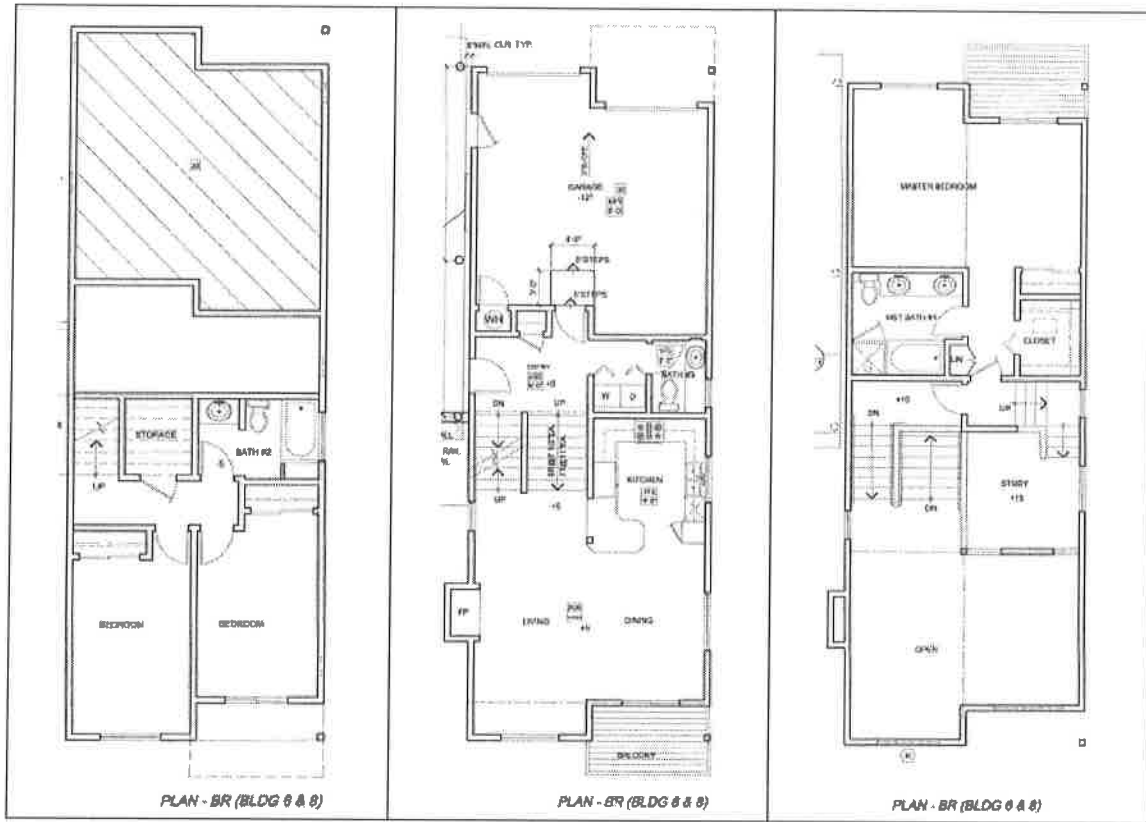

Mammoth Gateway Village

Come in and Relax...

Ideally located... Mammoth Gateway Village is nestled in a forest of mature pines within close proximity to The Village at Mammoth. Access to the Mammoth Area Shuttle, the Sierra Star Golf Course, Shopping and the Valley Bike Path are all nearby.

Innovative Design... It's a first for Mammoth! Mammoth Gateway Village presents an innovative, thoughtful design that will give you, the homeowner, the privacy and seclusion of a detached home (no common walls), with the convenience, management and rental capability of condominium ownership.

Family Sized... Stretch out and relax – there is plenty of room. With nearly 2,000 square feet of living space, these spaciouly designed three bedroom with loft and attached two-car garage homes are suitable for a weekend retreat, semi-retirement or full-time living.

Rare Opportunity... There will only be ten custom townhomes at Mammoth Gateway Village available for purchase. The location, design and generous living space make Mammoth Gateway Village truly a unique opportunity to invest and enjoy the Mammoth Lifestyle.

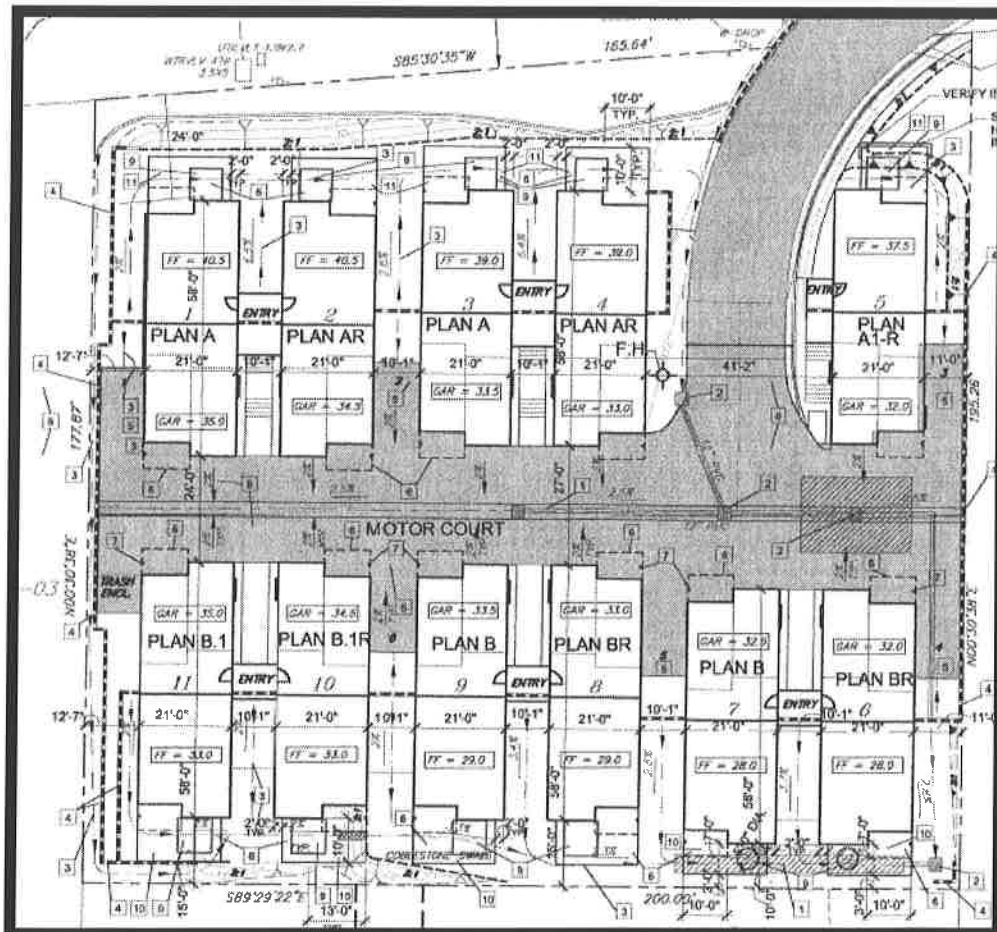

Detail, Care and Attention...Pride of Ownership.
